PO BOX 142
87379 HOLLY LANE, CHRISTMAS VALLEY, OR 97641
PHONE AND FAX# 541-576-2090

REQUIREMENTS FOR WATER INSTALLATION

1. TEMPORARY INSTALLATION

- A. Customer must furnish the District with a copy of their Application for Plumbing Permit from the Department of Environmental Quality (DEQ) (septic).
- B. Customer must furnish the District with a copy of their Plumbing Permit from Lake County.

*Water will be installed on a Temporary basis. This is defined in Working Ordinance 4, Section 7, Subsection 11 (a). Time Limit — Temporary service connections shall be disconnected and terminated within six months after installation unless an extension of time is granted in writing by the District. The District reserves the right to discontinue service at any time should a violation occur. Living on the property prior to the septic being installed is considered a violation.

*Customer's plumbing — This is defined in Working Ordinance 4, Section 7, Subsection 12 (a). The customer's plumbing, which shall include the customer's service line and all plumbing, piping, fixtures and other apparatus carrying or intended to carry water, sewer or drainage, shall comply with the plumbing code of the State of Oregon.

2. PERMANENT INSTALLATION

- A. Customer must furnish the District with a copy of their Certificate of Completion from DEQ.
- B. Customer must furnish the District with a copy of their Inspection Request from Lake County.
- C. Customer must install a Backflow Protection Device that must be commiserate to the degree of hazard present. This device needs to be inspected by the building inspector to insure proper installation. Must be installed in an insulated box that allows access for annual testing. For further clarification on this requirement please contact the district Operator.

*Water installation will be considered a permanent installation when the District has received the above stated documents.

*Installation Charges and Customer Deposit must be paid in full prior to water service being installed.

*Customer has received a trifold about Thermal Expansion.
